IP67

CE

i

T4.411 alimentatore led corrente costante 350mA 15W 0,05
constant current led power supply 350mA

nr. led 1-12 - cavi 1,0,5m con connettore M8 IP67 -
protezione da sovratemperatura - protezione da cortocircuito
led n. 1-12 - cables 1,0,5m with M8 IP67 connector
over-temperature protection - short circuit protection

standard di sicurezza europei, european safety standards

trasformatore di sicurezza resistente al cortocircuito
safety isolating short-circuit proof transformer

lampada a scarica, discharge lamp

led monocromatico, monochrome led

led rgb, rgb led

lampada a incandescenza o alogena, incandescent or halogen lamp

pulsante normalmente aperto, push button normally open

potenziometro 1-10V, potentiometer 1-10V

fusibile ritardato, delayed fuse
